In keeping with this tradition, Break Away Sports Center continues to enjoy **NEW State-Of-The-Art** artificial turf:

## **FieldTurf XT-50 turf with EPDM infill system.**

This Turf is made from a next generation fiber. The **XT-50** fibers are designed for a firmer blade with each fiber more spread out than other turfs. This allows the cleat to enter and release for quicker and safer movement with each step. In addition, we have chosen a **NEW EPDM** rubber infill. It is a synthetic/virgin rubber, not made with recycled tires. We have chosen this product for a **Better Experience** in play and as a **Thank You** to our customers.

If you have any questions or concerns, please contact Matt Lombardino at 288-9600.

Thank you and we look forward to serving your soccer interest.

Sincerely,

*Matt Lombardino*
